

We're looking for sponsors for the fifth instalment of Railscamp NZ.

In previous years we've held successful camps with the help of our sponsors at Mt Cheeseman in Canterbury and Kaitoke, north of Wellington. This year we're holding Railscamp at the beautiful **Shakespear Regional Park**, just north of Auckland.

As a sponsor you'll be getting a chance to **promote your brand** around over eighty Rails developers from the Pacific region, both beginner and expert alike.

Sponsorship Levels:

BRONZE \$500

- Logo on all printed material (excl t-shirts).
- Can advertise jobs through our Twitter account.
- Our eternal love and gratitude, which we'll tweet about.

SILVER \$1000

- Logo on all printed material (excl t-shirts).
- Can advertise jobs through our Twitter account.
- Able to come and talk at our event.
- Our eternal love and gratitude, which we'll tweet about.

GOLD (x2) \$2000

- Prime logo position on all printed material (excl t-shirts).
- Can advertise jobs through our Twitter account.
- Able to come and talk at our event.
- Our eternal love and gratitude, which we'll tweet about.

In addition to these traditional sponsorship levels, we are calling for sponsors for specific items in the Railscamp budget including **T-shirt printing, coffee, alcohol, and diversity tickets.**

Railscamp is a professional networking and development event held over a four-day "weekend". Developers from around the region come together to work on open source projects, teach and learn, give talks, and have fun.

Railscamp is largely funded by its attendees via ticket sales, however we always require sponsorship to keep the ticket price as accessible as possible, and to help provide a memorable experience for all involved.
